Hill's Pet Nutrition Australia

Murdoch is pleased to announce a new partnership with Hill's Pet Nutrition Australia that will support several projects at Murdoch School of Veterinary & Biomedical Sciences. This new 3 year partnership will provide support for the following programs.

- Key funding for Hill's Pet Nutrition Mobility & Rehabilitation Service
- Support for Murdoch's Veterinary Professional Life program
- Support for our Hospital feeding program
- Support for Murdoch's online education program, Rounds Around the States.

Hill's Pet Nutrition Asia Pacific

Hill's Pet Nutrition Asia Pacific has committed to support veterinarians in the Asia Pacific region by providing advanced education through Murdoch's International Post Graduate Certificate in Small Animal Practice. This pre-masters program brings the best nutritional, surgical, and medical practices direct to veterinarians in the region through online education. The International Post Graduate Certificate in Small Animal Practice launched in January 2009.
