Thanks David.

I appreciate your time is being taken up by many areas at the moment, so thank you for making the time.

I have attached some breakdowns of what the Hill's sponsorship funds have been distributed to for your information. I will share this information with Hill's and have some discussions with [redacted] before our meeting with [redacted] to determine what area they are leaning towards re sponsorship.

For your information, every $ of the Hill's sponsorship funds has been or will be, distributed. None has been able to be utilised for operating costs, which would have been a favourable result.

We can chat about this sometime next week.

Kind regards

Ellaine

Hi Ellaine,
It is difficult at the moment as there are lots of important meetings on around the School mergers. However, I will commit to attending on Friday week. It might be best to meet [redacted] at 10-30am. I have a big meeting at 1-00pm which I have to be back for.
Regards.
David
