Hi Ellaine
[redacted] and I have discussed the Multi-Project Funding Program following the Hill's budget meetings in September. In preparation for our meeting next week, is it possible for you to find some information for us?
1. Hill's Hospital Feeding Program

It states that the Hill's in-kind contribution represents [redacted] of the Hill's product utilised for our feeding program.
Can you confirm that is just for your in-hospital patients, [redacted]

2. Client Recommendations

a. Can Mark Lawrie determine how many overnight stays the [redacted] client visits results in? This number is useful to calculate feeding requirements with accuracy.

b. Hill's diets were recorded as recommended in [redacted] of referrals, with a list of the diets sold. A couple of things caught our attention from the list. One was there there were no sales of [redacted], [redacted]. The other was that there were no sales of our [redacted] and we would be interested in exploring the reasons for this. [redacted]

3. MOVE

Maybe Kelly is best placed to answer this, but do you know how many of the practitioners who registered for the MOVE lectures actually attended? Also do you now have attendance numbers for the September CVE events?

Many thanks Ellaine,
Kind regards,
[redacted]
