Thanks David.

Good idea. I'll liaise with Hill's and let you know what their response is.

Kind regards

Ellaine

Hi Ellaine,
I have had a look and it seems the cash side is covered but we are light on "in kind". I am not sure what else they might have that they could contribute as "in kind". Is it worth asking them? For example, could they give us the clinic coats so that we avoid buying them, or support for a final year student "streaming" placement with their company.
Regards.
David.

Subject: Hill's Special Projects

Hi David

As part of the Hill's sponsorship, we are required to submit a list of special projects for funding. This funding comes out of the funds paid as part of their agreement.

Attached is the list so far for this year. Let me know if you have any queries or if it's ok to go to Hill's.

I didn't receive much from staff, so if you are aware of anything that Hill's might be interested in, and maybe already in the budget, let me know and I'll investigate to put in the table.

Kind regards
