Hi Ellaine,
Sorry to miss you while in Perth this past week, however no doubt I will be back.
I did have a meeting with Mark Lawrie however, and it became apparent that he is unfamiliar with the contract between Hill's and Murdoch.
I was wondering whether you could find the time to go over it with him? It is certainly relevant to his areas of responsibility, and potentially more so if we move to funding a resident in nutrition.
Much appreciated, and my very best wishes,
