---

Hi Ellaine,

Please find attached the sponsorship proposal for Club Med in 2013.

As per the Perth Surgery Series, it would be great if we could offer this to Hill's first since they are interested and sponsored this year's program. They have previously given us $1K per session = $3K total for the series of 3 sessions.

If Hill's do not go ahead, other potential sponsors to approach include:

- [redacted]
- [redacted]
- [redacted]
- [redacted]
- [redacted]
- [redacted]
- [redacted]
- Royal Canin
- [redacted]

Please note I have not yet confirmed details for 2013 with the SA Medicine team; however it is probably going to be easiest to get this going again when Fleur is back from maternity leave at the start of 2013, as she is the driver behind Club Med and the best person to help get it organised. Once she is back it will be quite easy for Bree to liaise with her to get up and running, even if my replacement has not yet commenced. Alternatively, should details need to be confirmed sooner, Rob Shiel and Sue Bennett will be able to assist.

Cheers,

Kelly
